JOHN BOWMAN

John Bowman was driving a logging truck before he started with ACES last summer. Now he's driving ACES' big semi, hauling Amador County trash from the Pine Grove Transfer Station to the Keifer Landfill in Sacramento. He starts at 5:30 in the morning and finishes up most days in the early afternoon -- a drive he really appreciates for its beauty and light traffic!

John and his wife moved to the Amador County upcountry from Placer County to be closer to Sierra outdoor recreation. They are snowboarders and love being less than an hour from Kirkwood. In the summer, they take their dogs to Bear River Reservoir for paddleboarding.

"My work-life balance is much better now than when I was working in the logging industry," John says. "I have a regular schedule and know that I'll be able to enjoy my family and have time for the things we like to do together."
