- Styrofoam cups, food trays, or packing material
- Rag clothes
- Packaging, liners, paper dishware or utensils

New Trash Cans for Jackson Main Street

When the businesses on Jackson's historic Main Street asked ACES to help replace the aging and inconvenient trash cans on Main Street, ACES' staff said, "Of course!"

Jackson Main Street sidewalks are narrow, so a space-saving receptacle was needed. Also needed was a rain-proof, anchorable container with a rigid liner (no trash bags to reduce plastic waste). ACES' staff worked with Jackson businesses to find the right trash cans for Main Street and then donated the 12 new trash receptacles last fall ... and they look great!

NIK EISENHAUER

Nik Eisenhauer says he has found the perfect job wearing many hats as the Supervisor at ACES' Pine Grove Transfer Station. He loves customer service, likes doing maintenance and paperwork, and enjoys driving heavy equipment. If there's a job to be done, he takes pride in making sure it's done efficiently and safely.

He started in 2016 at the Pine Grove scale house and has worked his way up the ACES ladder. Nik says, "I am blessed to work at a great company that provides a rewarding environment to thrive in -- they treat us really, really well."

Nik lives in Sutter Creek and is engaged to be married in June. He and his fiancée have a blended family of four kids and a dog who keep Nik running to youth sports and dance recitals when he's not at work.

An Amador County native, Nik says it's a privilege to serve the community that raised him and he couldn't be happier as a member of the ACES "family."

SPRING CLEAN-UP, MAY 6 - 10

Within city limits of Ione, Jackson, Plymouth & Sutter Creek: Residential Spring Clean-up, on your regular pick-up day. All trash must be bagged, boxed, or bundled in a throw-away container. No single item may exceed 50 pounds or 4 feet in length.
